LLL's Virtual Learning Center is growing!

Friday, June 5, 2020

Each week we discover new learning opportunities that we add to the online Virtual Learning

<u>Center</u>. We've found some gems right here at home, including the <u>Phoenix Opera</u>'s 30-minute video

introduction to four operas and The <u>Heard Museum</u>'s videos of favorite performers and master

artists and quarterly publication "Earthsong," which can be downloaded and read. We also learned

that The Great Courses – Lectures from the world's great minds – can be viewed free if you have a

library card. Check out all the learning opportunities from the library here.

If you've other suggestions, please send them along and we'll share with others in PebbleCreek.

Happy LifeLong Learning!
