

# Where are the menus? A guide to finding the Eagle's Nest takeout menus

Wednesday, April 29, 2020

---

During this time of staying home due to the threat of the coronavirus, many PebbleCreek residents are taking advantage of the takeout meals that are offered by the Eagle's Nest Restaurant. If you'd like to order takeout, here's how to find out what's available.

Once you have logged in to the HOA website, hover your cursor on Food & Drink on the menu bar. From the dropdown menu, choose Eagle's Nest.

On the Eagle's Nest page, you will see all of the menus (everyday takeout, daily specials, dessert all day, and everyday special.) It is necessary to scroll down to see them all.

If you have trouble with this process, [there is an illustrated guide to it here.](#)
