Log sheets are in the fitness centers. Prizes to all who complete the tour. Vive Le Creek! I'll look for you on the roads....

WHAT'S WITH THE MUSIC??

It's always a challenge to find music that everyone likes at a volume everyone can tolerate. We THINK we've finally got it. A new receiver and power amp were installed at TF, and EN will be new with the renovation. Just let the fitness staff know if you think we need to tweak it some more.
